# Science Island Express

The Science Island Express delivers the most recent big things happening on Science Island.

**Two awards presented to foreign experts from Anhui province, Southeast China, for their outstanding contribution to Anhui's development in economy, science, technology and industry went to our two long-time collaborators.**

**Dr. BECOULET Alain Jacques** who is the director of Engineering Domain within ITER Organization as well as a long-time friend of ASIPP won from Anhui government (where the ASIPP is located) the 2020 Yellow Mountain Friendship Award both for his outstanding contribution to China's fusion development and his excellent effort to facilitate fusion collaboration between China and France.

Dr. BECOULET  
Alain Jacques

Dr. Andrea M.  
Garofalo

**Dr. Andrea M. Garofalo**, sciences manager in General Atomics and leader of the joint DIII-D/EAST Task Force, was honored to be one of the only two laureates for the 2020 Anhui Science and Technology Cooperation Award for his impressive work in EAST-DIII-D joint experiment, his effort to promote the China-U.S. fusion collaboration and his contribution to China's talented young fusion scientists cultivating.

The Yellow Mountain Friendship Award and the Anhui Science and Technology Cooperation Award are the two highest honors presented by the Anhui Province to foreign experts for the contribution they make to Anhui's development and the friendship they hold with China.
